Serial No. 09/254,578

VERSION WITH MARKINGS TO SHOW CHANGES MADE

In the Claims

Claims 1 and 21 have been amended as follows.

- 1. A <u>nail</u> file, comprising a body, said body comprising first and second sides, first and second edges, a first end, and at least one abrading surface, said abrading surface comprising at least one surface selected from the group consisting of an acid-etched surface and a sanded surface, wherein said body, first and second sides, first and second edges, first end, and said at least one abrading surface are formed of a single, integral stratum, said integral stratum comprising glass.
- 21. A method for making a nail file, comprising the steps of:

roughening a glass body so as to produce at least one abrading surface, said roughening comprising at least one operation selected from the group consisting of acid-etching and sanding.
